SOME USEFUL INFORMATION

What you'll get

You can get up to £10,000 during your course. If you're studying for 2 or more academic years, you'll get up to £5,000 in your first year and the rest in your second year.

The loan is paid directly to you as a contribution towards your course and living costs. The loan isn't based on your or your household's income.

You get the first payment after your course start date, once the University confirms that you've registered. You'll only get the loan in the first and second academic years of your course.

Who can get it?

Students can apply for a Post-graduate Loan if they:

- Are studying a taught or research Master's course,
 - Normally live in England.
- Masters loans are available to EU students who have been a resident in the EU for at least three years prior to the course start date.

Repayment

Repayments will commence from April 2019.

You'll only start repaying when your income is over £21,000 per year.

How much you'll repay

You'll pay back 6% of your income over the minimum amount ('threshold').

This is £21,000 a year, £1,750 a month or £404 a week.
